

A GUIDE TO YOUR CIGNA DENTAL PPO

Together, all the way.®

Offered by Cigna Health and Life Insurance Company or Connecticut General Life Insurance Company.

Routine dental care does more than just brighten your smile.

Research shows that individuals who get recommended preventive dental care save, on average, 31% on future dental costs. For individuals who don't get recommended preventive care, their future dental costs increase by an average of 43%.¹ A healthier mouth offers savings you can smile about.

The Cigna DPPO Advantage network makes it easy to protect your health – and your smile – with the right dental care at the right price. You can choose a dentist from one large network directory that is easily accessible and available online. Our online tools allow you to make more informed decisions about your dentist and your dental care.

Understand how your plan works

When you choose an in-network dentist, your coverage includes a wide range of services after you satisfy any potential waiting period and meet your deductible.

Your plan includes coverage for preventive dental care services, including cleanings, x-rays and more, at no additional cost or at a reduced cost to you.*

Important factors to consider

- › For procedures other than diagnostic or preventive services, you will usually pay a percentage of the cost – or coinsurance amount – to the dentist at the time of service.
- › You don't need an ID card to receive dental care.
- › You don't need to select a primary care dentist.
- › You don't need a referral to receive care from a specialist.

Use our online directory to find a dentist that's right for you

Cigna's DPPO Advantage network provides access to a large number of dentists and offers greater discounts with higher benefit levels compared to out-of-network dentists. This means more convenience and more ways for you to save.

All participating dentists are listed on one directory, which you can easily find online at **Cigna.com** and **myCigna.com**.

Additional programs for our DPPO customers

- › Enjoy discounts on health-related products and services through Cigna Healthy Rewards^{®.2}
- › The Cigna Dental Oral Health Integration Program[®] offers enhanced dental coverage and more for individuals with any of the following medical conditions: Diabetes, heart disease, stroke, maternity, head and neck cancer radiation, organ transplants and chronic kidney disease. There's no additional charge for the program. Individuals who qualify get reimbursed 100% of coinsurance for certain related dental procedures** and are eligible for other perks, as well.

*Most plans limit cleanings and bitewing x-rays to two per calendar year, and full mouth/panorex x-rays to one every three calendar years. See your plan documents for a list of covered and non-covered services under your specific plan. **You must enroll in the program prior to receiving dental services to be eligible for reimbursement. Deductible does not apply. Reimbursement counts toward and is subject to annual benefits maximum for DPPO plans. Review your enrollment materials for complete details and a list of covered services.

The benefits of network care

In-network

Select a dentist or specialist from the network DPPO Advantage list

- › By choosing a DPPO Advantage dentist, you receive a higher network benefit coverage than you would with a DPPO dentist. This may result in lower out-of-pocket expenses.
- › You'll pay less for covered services because network dentists have agreed to offer services at lower negotiated rates.
- › You may save on out-of-pocket costs for many services not covered under your plan. Network dentists have agreed to offer our customers discounted fees for all procedures on their fee schedules. (Not available in all states.)
- › Network dentists will submit claims for you.
- › All network dentists have met Cigna credentialing requirements based on national standards, and we repeat the process every three years.

Out-of-network

Select any dentist or specialist

- › Your out-of-pocket expenses will generally be higher because out-of-network dentists have not agreed to offer Cigna plan customers negotiated rates.
- › Depending on your plan design, out-of-network dentists may bill you for the difference between the payment they receive from Cigna and their usual fees.
- › You may have to file your own claims.

Please refer to your Summary of Benefits for:

- › Specific plan details
- › Any age and frequency limitations
- › A complete list of exclusions and limitations

1. "Preventive Dental Treatment Associated with Lower Medical Utilization and Costs." National study of Cigna customers with dental and medical coverage, presented at the International Association for Dental Research Meeting, March 2015, Boston, and updated with additional data, October 2018. Individual results may vary.

2. Healthy Rewards is a discount program. If your plan includes coverage for any of these services, this program is in addition to, not instead of, your plan benefits. Healthy Rewards programs are separate from your plan benefits. **A discount program is NOT insurance, and you must pay the entire discounted charge.** Some Healthy Rewards programs are not available in all states and programs may be discontinued at any time.

3. Actual features may vary by dentist and plan type. Brighter Score, dentist profiles, patient reviews, and other dentist directory features are for educational purposes only and should not be the sole basis for decision making. They are not a guarantee of the quality of care that will be provided to individual patients and you should consider all relevant factors when selecting a dentist.
